Summary

I'm a passionate Web Developer with 1+ year of experience in building responsive and user-friendly websites using HTML, CSS, JavaScript, React.js, and Next.js. I enjoy solving problems, learning new technologies, and taking on challenges that help me grow. With a strong eye for detail and design (Figma, Tailwind CSS), I aim to create high-quality web experiences that make an impact. I'm excited to bring my skills and energy to a collaborative team and contribute to meaningful projects.   Lahore, Pakistan
